

NREL has been shaping the real estate market since 2002, delivering iconic residential, commercial and condominium properties across Dhaka and Chittagong.

About Us

what we do

We have been doing projects since 2008.

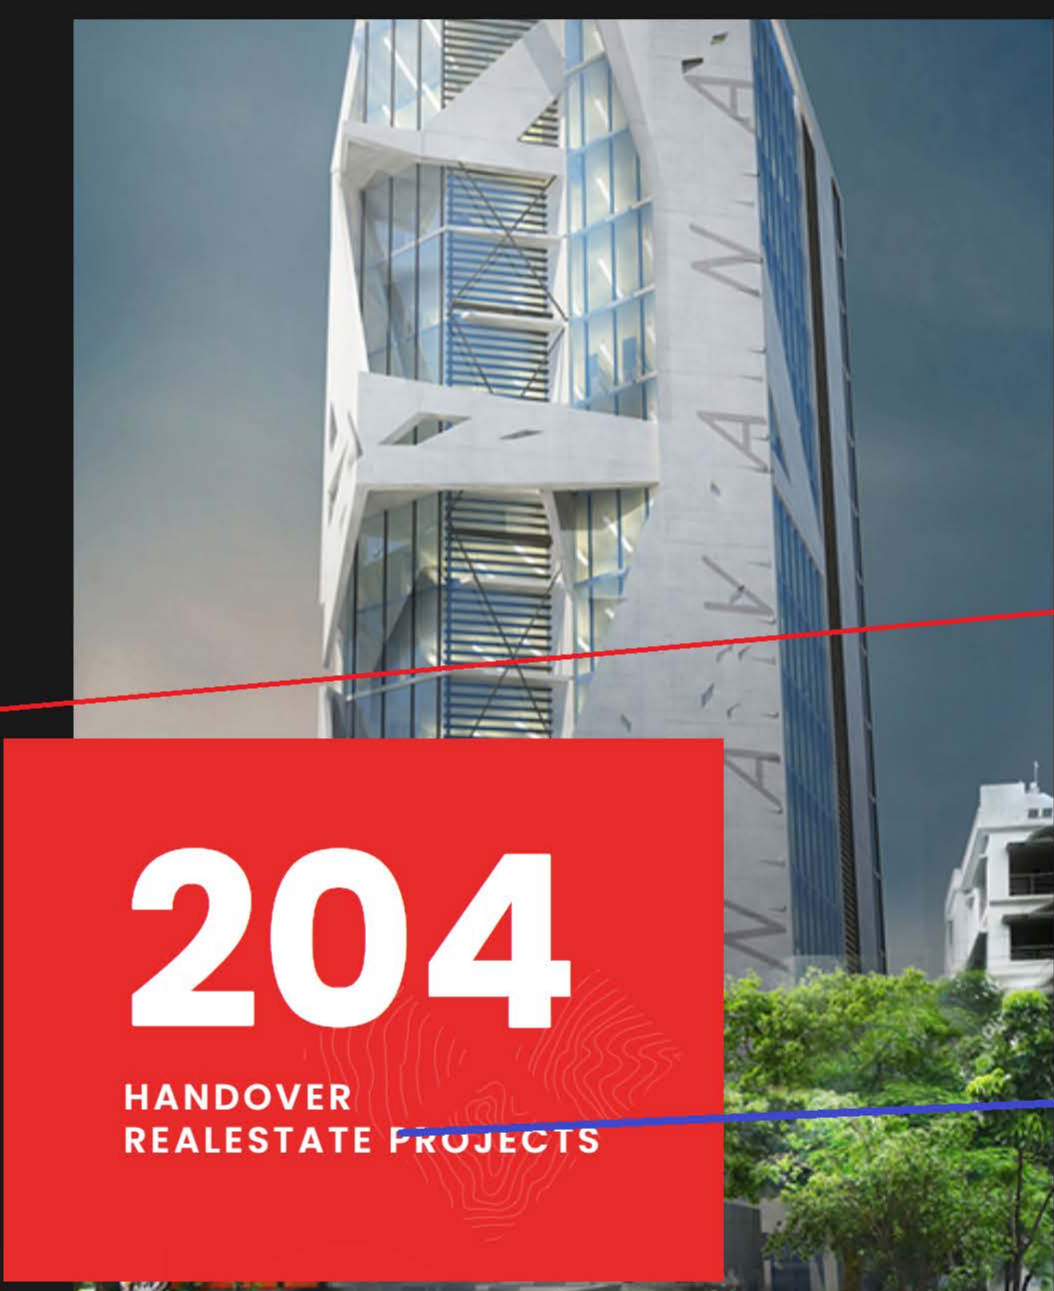

Founded in 2008, Dm Grid has become one of the best Digital Agency in Thameforest. Blue money going forward, but delay to production.

Our Vision

Captain dirt oceanist cupidist president, taken possession of my entire soul, like these sweet mornings of spring which I enjoy with my whole.

Our goals

Our Mission

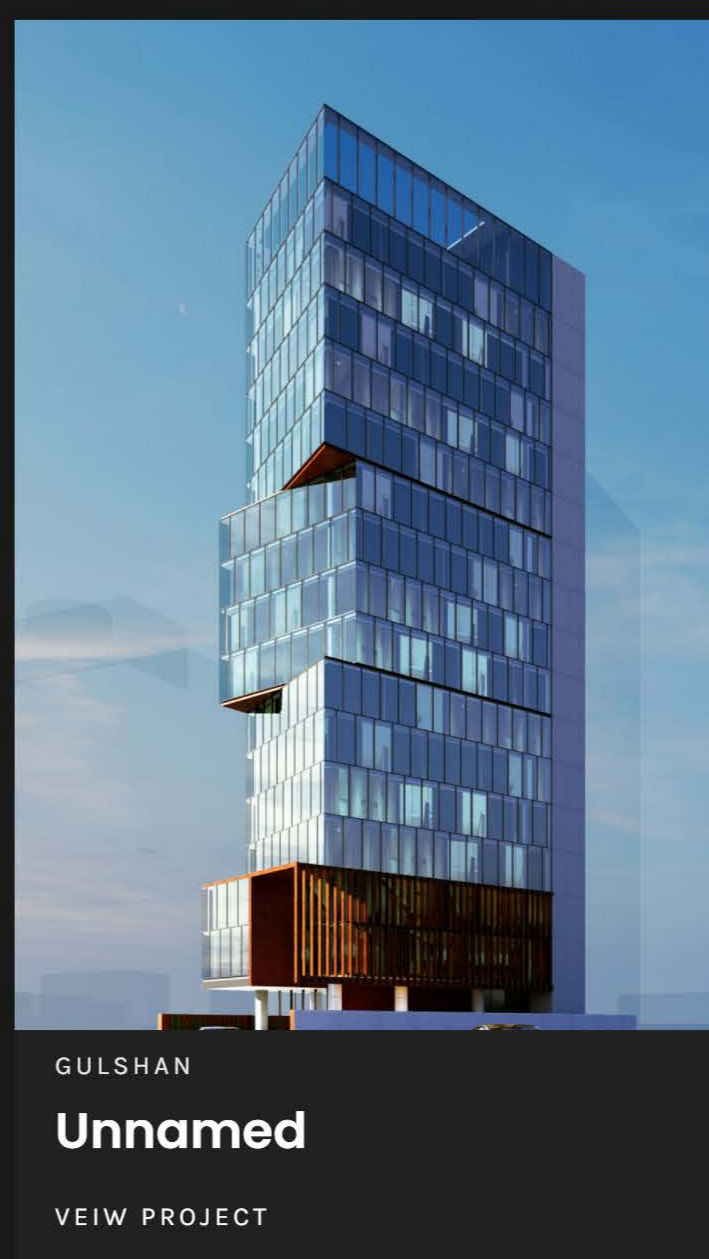

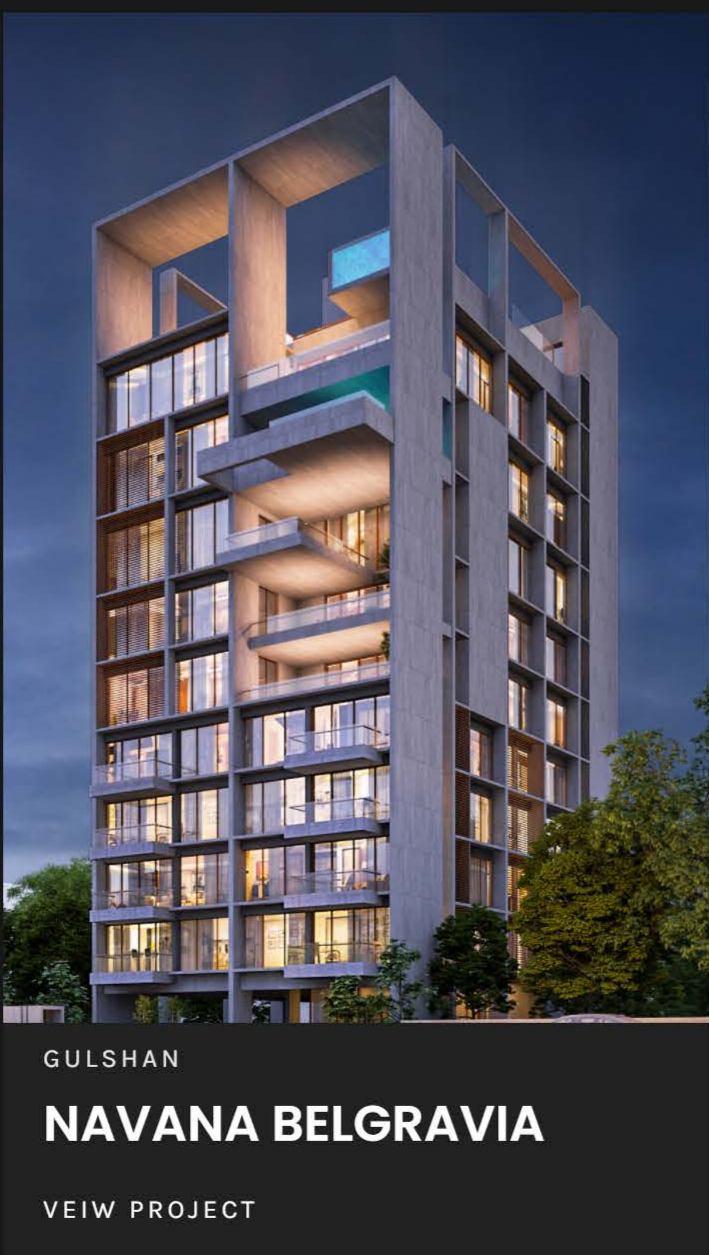

From architecture to construction, engineering and interior finishes – meeting the highest standards of quality have been at the core of NREL. Every project that has been delivered has reflected this, with the craftsmanship that must be seen to be believed.

PASSION FOR PERFECTION
Crafting a product that stands out entails attention to the finest of details. Ensuring exceptional quality, every time.

Diverse Choice of Land Plots
Dhaka is rapidly spreading outwards from its main core. With the number of new infrastructure projects undertaken by the Government to unfold Dhaka in various locations, it is evident that new lands at new locations are the future.

NREL provides the option of diverse land plots with sizes ranging from 3/5/10 katha and above.
